

ETHNO MEDICINAL GARDEN VISIT

01/04/2023 Saturday

As a part of Pharmacognosy practice school programme, visit to Ethno medicinal garden (Ramagondanahalli, Bengaluru) had been arranged by Vydehi institute of pharmacy, Principal Dr. Lakshmayya, accompanied by Mr. Shivanand and Dr. Soumya Asst. Professors on 1st April 2023 Saturday.

It was definitely an awesome opportunity to visit there by our final year students. Trip was filled with captivating views and significant information of plant life.

Various kind of medicinal plant like :Tulsi, Ashwagandha, Brhami, Alovera, , Guggul, Amala, Gymnema sylvestre, Rauwolfia, Sandalwood, Henna, Vinca, Menthol and various aromatic Plants were studied by our students.

During the visit student practically came to know well about medicinal uses of the plants as well as essential Pharmacognostic information about the plant & submitted project report.
